Summit Recap

The Rocky Mountain Summit has already past us, and boy what a time we all had. I wish that words were enough to describe all the wonderful things that took place at this event. But sometimes written words just do not express or give it enough justice. With that said, I will try and relay some of the comments that we received from the instructors, students and parents that attended the Summit.

The students responses were, "I liked the variety of instructors which kept everyone interested."

"I like all of the instructors because they were so willing to share their knowledge."

"It was a great experience to meet all the instructors."

"My favorite thing that was taught was the Capoeira and Taiko."

"I didn't like that we had to leave on Sunday, because I really liked it."

"The day seemed long, but then just like that it was over and I was sad that it ended so soon."

"I liked having a lot of teachers because each taught different things."

"I could not imagine how anyone could not come away from the Summit without learning or gaining some knowledge, it was just so fabulous."

The parents responses were, "The variety of instructors working on various skills."

"Perhaps the most exciting thing is watching my daughter and son benefit and grow from attending the Summit. I've seen them reap the rewards firsthand as their intensity and focus increases, their skills improve, and their excitement builds for the next event."

To all warrior scholar students, your Renshi's do not take this privilege that we have bestowed on you lightly. This is a very prestigious honor to be invited into the Warrior Scholar program. More responsibility is placed on you for a very special reason, you are our next leaders in the school. With this privilege you are allowed to wear black gi pants. As a scholar student you will learn more sub arts, such as laido, sword, Sai, Kosho forms, just to name a few. These are not being taught in the regular karate program. If you are absent this may cause you to become behind and with many absences you may be asked to go back to wearing the white gi pants and you

amount of energy goes into planning and implementing the Summit. Thank you so much to Janine Sensei and Jon Sensei for the incredible effort you put forth on the behalf of your students!"

The instructors called us later and this is what they had to say about the Summit.

Hanshi Juchnik, "The Moore's put on one classy event, that no one else in the Kai can touch."

Guru Carlito said, "The students at the Summit really inspired me."

Sifu Bill Owens said, "I felt very welcomed and I can tell that the instructors, Janine Sensei and Jon Sensei have huge giving hearts and that they not only love the arts but they love their students, that is huge for me." "I was really impressed with the event."

Master Randy said, "I am glad I made it this year, I would not miss this thing, I love the students."

Mitzi Sensei said, "The students really liked to learn, I could not believe that I was able to teach the rest of the I Sho Ni, Yo Sho in one afternoon, that took my students a few months to learn." "I had a fabulous time."

Jon Sensei and I would like to thank everyone that helped with the Summit. Hauling the tire drums and stands, mats, weapons, snacks, etc. It was greatly appreciated. Also, we would like to thank the students that did make the trek up the mountain and took advantage of learning from these wonderful instructors. It is literally and figuratively a mountain-top experience!

Your Renshi's are already planning for next years Summit, June 11 & 12, 2011 and yes we even have the instructors in mind as well. If things go well, we will bring in an instructor from Australia, who is world renown in the martial arts community. Mark your calendar, post it in your blackberry or Ipod for the Rocky Mountain Summit, June 11 & 12, 2011.

Janine Renshi
